Matara, Sri Lanka

SUMMARY

HND in Information Technology undergraduate at SLIATE, ATI Galle with hands-on experience in full-stack web development using React.js, Node.js, and NOSQL. A collaborative team player & Leadership with a passion for building real-world software solutions and a strong drive to grow into a professional Software Engineer. Seeking a software engineering internship to apply technical skills, contribute to a development team, and accelerate a long-term career in software development.

TECHNICAL SKILLS

Programming Languages: Java Script, Python , Java, C#, Dart

Frontend: React.js, HTML, CSS3, Tailwind CSS, Vite, Flutter(Bloc/Provider)

Backend: Node.js, Express.js

Databases: MongoDB, Supabase, Firebase, SQL(Xamp)

Tools & Platforms: Git, GitHub, Postman, VS Code, Android Studio

Cloud & Deployment: Render, Vercel, Dynu

Other: JWT Authentication, REST API Design, Responsive UI/UX, Agile Development

EDUCATION

Higher National Diploma in Information Technology

2024 – Present

Sri Lanka Institute of Advanced Technological Education (SLIATE), ATI Galle

Relevant Coursework: Software Engineering, Database Systems, Web Application Development, Object-Oriented Programming, Computer Networks

G.C.E. Advanced Level Examination

2022 (2023)

Mathematics Stream | Index No: 3050386

Combined Mathematics— S | Physics— S | Chemistry— S

G.C.E. Ordinary Level Examination

2019

Index No: 91967422 | Results: 2B, 6C, 1S

PROJECTS

. 1. DOCTime Appoinment App

- **Tech Stack:** Flutter, Dart, Firebase (Auth, Firestore, Messaging), Supabase, BLoC
- **Architected** a full-featured doctor appointment and clinic management mobile app, enabling users to seamlessly discover doctors, schedule visits, and manage bookings.
- **Integrated** secure backend services using Firebase (Auth, Firestore, Cloud Messaging) and Supabase for real-time data synchronization, push notifications, and robust appointment scheduling.
- **Implemented** state management using Flutter BLoC, ensuring clean architecture, high performance, and smooth navigation across mobile screens.
- **Optimized** prompt engineering patterns to minimize hallucinations and guarantee strict adherence to medical safety and formatting guidelines.

. 2 . E- Auracosmetics Web Application

Tech Stack: React.js, Express.js, MongoDB, REST APIs, Render, Git

- **Live Demo:** <https://www.auracosmetics.ddnsfree.com/>
- **Developed a full-stack MERN** e-commerce platform tailored for a cosmetic shop, featuring dynamic product management for skincare and beauty items, shopping cart functionality, and secure checkout.
- **Designed a responsive UI** with Tailwind CSS and React, ensuring an intuitive browsing and shopping experience across mobile, tablet, and desktop devices.
- **Built robust RESTful APIs** with Node.js and Express, alongside optimized MongoDB database schemas for fast product searching, category filtering, and inventory tracking.
- **Configured and deployed** backend services on the Render cloud platform, ensuring reliable API uptime and seamless data handling for the mobile frontend.

CERTIFICATIONS

- **Cisco Networking Course:** Completed the Cisco Networking Academy course at a Cisco Lab, acquiring hands-on experience in network configuration, routing, switching, and troubleshooting foundational network infrastructures.

LANGUAGES

- Sinhala — Native
- English — Professional Working Proficiency
